

CLOTHING

Last Spring the clothing drive at Zion Lutheran Church raised over \$1,000.00! Since it was such a success I'm organizing another one to raise money for the church. It's a very simple way to donate – just clean out a closet, drawer, basement or attic!

The process: All items are collected over a 10 day period in the gym and then a company called Fashion Republic picks it all up in a huge truck, weighs it and pays Zion per pound. They are a small company specializing in processing used clothing and shipping it to people in need in foreign countries. A quote from their website is: "All wearable clothing is being shipped out for people to wear. Nothing is shredded or cut into industrial rags."

The dates: Bags can be dropped off any day in the church gym starting Sunday, October 5th through Tuesday, October 14th, 9:00am – 3:30pm.

What can be donated:
